

**European Association of Poisons Centres
and Clinical Toxicologists**

**XXIX INTERNATIONAL CONGRESS
Tuesday 12 - Friday 15 May 2009
Stockholm, Sweden**

**Co-sponsored by the American Academy
of Clinical Toxicology**

Second Announcement and Call for Abstracts

EAPCCT 2009

The EAPCCT XXIX International Congress will be held in Stockholm, the beautiful and historic capital of Sweden. The Congress will take place at the Clarion Hotel Sign.

As in previous years, the Congress is organised both academically and administratively by the EAPCCT Scientific and Meetings Committee. This will ensure that delegates gain the maximum benefit from the Congress. The Congress will once again be co-sponsored by the American Academy of Clinical Toxicology, which will also accredit the Congress for continuing medical education. Selected abstracts from this meeting will be published in a future issue of the journal *Clinical Toxicology*, the official Journal of the American Academy of Clinical Toxicology, the European Association of Poisons Centres and Clinical Toxicologists and the American Association of Poison Control Centers. The principal themes of the academic programme of the Congress are: The poison centre of the future, Laboratory investigations, Heavy metals, Adverse drug reactions and toxicosurveillance, Controversies in clinical toxicology, and Toxinology. For the first time we will also run a session with case presentations and a panel discussion of practical problems in clinical toxicology.

At the XXIX International Congress in Stockholm we hope to offer you an outstanding academic programme, balanced with the usual social events in a beautiful and historic city. Your participation will guarantee the quality of our programme and in return you will be stimulated by four days of the finest continuing education in clinical toxicology. We look forward to seeing you in Stockholm, and hope that you will take the opportunity to visit Sweden, and sample its many delights in the days either side of the meeting.

Hugo Kupferschmidt
EAPCCT President

Martin Wilks
Chairman, EAPCCT Scientific and Meetings Committee

CONTINUING EDUCATION IN CLINICAL TOXICOLOGY

Tuesday 12 May 2009

In order to provide Continuing Education in Clinical Toxicology (CECT), the EAPCCT Scientific and Meetings Committee has arranged a TOXUPDATE. This one-day symposium will include state-of-the-art presentations on:

- Poisoning in special patient groups

SCIENTIFIC PROGRAMME

Wednesday 13 - Friday 15 May 2009

The themes for the Congress are shown below and abstracts on these topics would be particularly welcomed:

- Adverse drug reactions and toxicosurveillance
- Controversies in clinical toxicology
- Heavy metals
- Laboratory investigations
- The poison centre of the future
- Toxinology

Plenary lectures

There will be up to three plenary lectures with invited speakers who are acknowledged experts in their fields.

Poster discussion sessions

Since this will be the last year that we will accept abstracts for posters but not for publication in the journal *Clinical Toxicology* members of the Committee will again visit any posters not accepted for publication in *Clinical Toxicology* to give advice and help to authors for future submissions.

Young Investigator's Award

A Young Investigator's Award will again be presented this year. A shortlist will be chosen by the Scientific Committee on the basis of the quality of the abstracts submitted. The winner will receive an honorarium of Euro 1000. To be considered for the award the person applying must fulfil the following criteria:

- Young investigators are defined as <40 years of age on the closing date of the Congress. This will be confirmed prior to the prize being awarded by passport check.

- The young investigator must be the principle investigator of the research being presented. This means that they have taken the lead in performing the research and are the most appropriate person to present the research at the Congress. It is acceptable for the young investigator to have research collaborators over the age of 40 and these can be listed on the abstract. This might include a research supervisor.
- The research submitted must be original and must not have been published or presented at another conference.
- Applicants do not need to be members of the EAPCCT but they must be present at the Congress to present the research.

Judging the winner

Those on the final shortlist will be invited to make an oral presentation of their work at the Young Investigator session at the Congress. Oral presentations for the award will take place in one session. The quality of presentations will be judged by at least 3 senior judges who are invited to do this by the Scientific Committee. These judges will not have relevant conflicts of interest. The judges will score each presentation and at the end of the session will come to a consensus on which presentation should receive the award. The decision of the judges is final.

Central European and Accession Countries Committee

Members of the Central European and Accession Countries Committee are ready to help scientists who are not used to presenting data and structuring an abstract. If you think that a review of your abstract before final submission might help you, please feel free to send your abstract as soon as possible, and before the 15 October, to Vincent Danel, Chairman of the Committee: VDanel@chu-grenoble.fr

Members of the Committee will respond as quickly as possible so that you will be able to submit your abstract in time.

Please note that this pre-review process is not a guarantee of acceptance of your abstract by the Scientific Committee.

ABSTRACT SUBMISSION GUIDELINES

General notes

- The EAPCCT Scientific and Meetings Committee, chaired by Martin Wilks will evaluate the abstracts. The Scientific and Meetings Committee's decision will be final.
- **Abstracts must be submitted by midnight on Wednesday 19 November 2008** to be considered by the Scientific Committee. If you request help with English it is important to submit well before the final submission date. If you submit after 12 November there is no guarantee that there will be time to supply help with English before the review process starts.
- All abstracts accepted for presentation at the Congress will be published in the Congress programme, provided they are submitted in the format set out below. However, **ONLY** those that meet the scientific criteria set by both the Scientific and Meetings Committee and the Journal will be published in the journal Clinical Toxicology. The decision of the Scientific and Meetings Committee in this regard will be final.
- **No abstract received after 19 November 2008 will be considered for the meeting, unless agreed in advance by the Chairman.**

On-line abstract submission

- ALL abstracts should be submitted electronically via the EAPCCT website <http://www.eapcct.org>. Detailed instructions for this are provided on the website.
- Instructions given below must be adhered to strictly. As time does not permit return of inadequately prepared abstracts for revision, they will be rejected! An exception may be made for minor correctable errors, at the discretion of the Scientific Committee.
- Submission of the electronic form signifies understanding of, and agreement with, all the conditions set out below.

If you have no Internet access or experience technical problems

- If you do not have access to the Internet, or you encounter technical problems that prevent you from submitting on-line please contact the Congress Secretariat (sc@eapcct.org) who will assist with technical problems, or make arrangements for you to submit via e-mail or mail if necessary.

Abstract format

There may be changes to the submission process from previous years so please read the instructions carefully. The instructions give the general guidance for format although the electronic submission tool will format much of your abstract automatically. However,

you are strongly advised to pre-prepare your abstract, using the guidance notes below, **before** attempting to submit your work on-line, since each session on-line is time limited. You will be asked to upload a back-up version of your abstract (preferably prepared in Word), with a separate file if a table is included. **Note: Graphs and other figures are no longer permitted.**

- Authors should be listed using the entire surname and the initial(s). Omit titles, degrees, and academic appointments and do not separate initials with punctuation e.g. Smith MP
- The affiliation must comprise ONLY department name, institution, city, state/province and country.
- The body of the abstract should be organised as outlined below. You **must** include the underlined words in the body of your abstract (do not attempt to underlined these in your submission). Please note that our system requires the presence of the colon (:) after these underlined words to recognise them as headings. You must therefore use the colons, e.g. Objective:
- Objective: A statement of the purpose or reason for the report. Methods: A brief description of the study design. Results: A summary of the results presented in sufficient detail to support the conclusion. Data must be presented in the abstract. Statements such as “the results will be presented” or “other data will be presented to support...” will result in automatic rejection of the abstract. Conclusion: a statement of the conclusion based on the data presented. References: All references should appear at the end of the abstract in numerical order as they appear in the text. Ensure references are cited in the text by a number in parentheses e.g. (23). Follow the referencing style below. Generally reference numbers should be limited to 5 or less (10 or less for an invited lecture).
- References for **Journal articles** should be formatted as in the following example: Giannini L, Vannacci A, Missanelli A, et al. Amatoxin poisoning: a 15-year retrospective analysis and follow-up evaluation of 105 patients. Clin Toxicol 2007;45: 539-42.
- References for **Book chapters** should be formatted as follows: Goadsby PJ. Pathophysiology of headache. In: Silberstein SD, Lipton RB, Dalessio DJ, eds. Wolff's headache and other head pain. 7th ed. Oxford, England: Oxford University Press, 2001:57-72.
- For case reports or case series, the words Case report: or Case series: replace the Methods: and Results: headings. Otherwise, the format remains the same.
- Reports of non-clinical studies, such as those describing poisons centre operations or educational tools should attempt to follow these guidelines as closely as possible.
- The number of words is limited strictly to **350** excluding the title, authors and affiliations or 250 words plus one simple table. Each word or number is counted as one word whether it is one character or 10 characters long. (The previous sentence has a word count of 18). Units will count as part of the number with which they are attached. The sentence “The patient’s salicylate concentration was 1000 mg/L” has a word count of six.

- For plenary lectures, keynotes and presentations for the educational Precongress the number of words is limited strictly to **1000** excluding the title, authors and affiliations. References are included and ten key references will normally be sufficient.
- Please do NOT use automatic Word functions, e.g. numbering, bullet points or footnotes.
- Use of tables creates editorial difficulties and these are therefore discouraged. However, you may include **one simple** table. If a table is used the word count must be cut by 100 (i.e. to 900 words for an invited abstract).
- Figures and graphs/diagrams are no longer allowed.
- Please be aware that the on-line submission system removes all special formatting, including bold, italic, underline, superscript, and subscript. Necessary formatting, e.g. H₂O and similar, will be replaced in your abstract (if accepted for the Congress) prior to publication. Please also be aware that on-line submission may also affect the appearance of Greek and other symbols – to avoid confusion please spell them out in full (if possible), e.g. “beta-blocker”, “micrograms”.
- Use only standard abbreviations. As there is no incentive to using smaller words, non-standard and extensive abbreviations will only detract from your abstract’s acceptability. Numbers may be used to replace words, e.g. 5 rather than five, though the word count remains the same.
- An example of abstract style is printed at the end of this section. This represents how abstracts will appear in the Congress book.

Notification of abstract receipt

- The on-line submission tool will allocate your abstract a unique identification number at the start. Please note this for your own records.
- A confirmation message will be displayed at the end of on-line submission. We recommend you **print** a copy of this for your records as well.
- Please note that after successful on-line submission it is NOT necessary to provide documentation by mail or e-mail.
- Submitters will be notified of the acceptance or rejection of their abstract by **Friday 30 January 2009**. Authors who have provided an e-mail address will receive this notification via that e-mail address.
- All abstract presenters will be asked to return a form by e-mail confirming their intent to attend the meeting. Please send this back promptly so that we know you have received our notification of acceptance.
- All abstract presenters must register for the Congress by **Friday 28 February 2009**. Failure to do so will result in the abstract being withdrawn from publication in the journal *Clinical Toxicology*, and will result in administrative rejection of the abstract.

000 THIS IS AN EXAMPLE OF ABSTRACT STYLE

Smith MP (1), Jones NZ (2), Brown T (1). 1. *Department of Toxicology, Royal Hospital, Townsville, Germany*; 2. *Poisons Unit, Infirmary, Townsville, Czech Republic*

Objective: A statement of the purpose or reason for the report. Methods: A brief description of the study design. Results: A summary of the results presented in sufficient detail to support the conclusion. Data must be presented in the abstract. References should be indicated in the text like this (1). Statements such as “the results will be presented” or “other data will be presented to support....” will result in automatic rejection of an abstract. Conclusion: a statement of the conclusion based on the data presented. References: 1. Author A, Writer B, Scribe C, et al. Title of paper. Clin Toxicol 2006;12:345-567.

(note that names, numbering and affiliations are formatted automatically on the website)

CONTINUING EDUCATION INFORMATION

The scientific sessions will be accredited for continuing medical and pharmaceutical education. Continuing education credits for physicians and pharmacists are awarded by the American Academy of Clinical Toxicology.

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the American Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Academy of Clinical Toxicology and the European Association of Poisons Centres and Clinical Toxicologists. The American Academy of Clinical Toxicology is accredited by the ACCME to provide continuing education for physicians.

The American Academy of Clinical Toxicology is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Requirements for successful continuing education credits registration

Complete the following steps:

- (1) Select accreditation when filling out the Congress registration form and submit the Continuing Education Registration Fee of Euro **75**.
- (2) Complete an evaluation form for each session attended. Please list your suggestions for topics for future Congresses.
- (3) Fill out and return the Continuing Education Participation Form to staff at the Congress registration desk.

The American Academy of Clinical Toxicology will mail a certificate of credit hours earned to you at a later date.

REGISTRATION FEES

Category	Until 28 Feb 2009		After 28 Feb 2009	
Pre-Congress Symposium (TOXUPDATE):				
EAPCCT/AACT members	Euro	130.-	Euro	130.-
Non-members	Euro	180.-	Euro	180.-

The registration Fee for the Pre-Congress Symposium includes participation in the Pre-Congress Symposium, abstract book, coffee breaks and lunch on 12 May 2009 only.

Main EAPCCT Congress

EAPCCT/AACT members	Euro	530.-	Euro	675.-
Non-members	Euro	670.-	Euro	775.-
Nurses*	Euro	300.-	Euro	430.-
Fellows, Poisons Centre trainees and Students*	Euro	300.-	Euro	430.-
One day Congress fee	Euro	270.-	Euro	270.-
AACT CME accreditation	Euro	75.-	Euro	75.-
Accompanying persons ^{\$}	Euro	15.-	Euro	15.-

Notes

The registration fee for the main Congress includes Congress participation on 13-15 May 2009, Welcome Reception, abstract book, coffee breaks and lunches on 13-15 May 2009.

* Must be under 35 years. A letter from the Head of Department should accompany the Registration, stating that the person is still in training.

\$ The fee for the accompanying person includes registration and Welcome Reception on 13 May 2009 only. For this year the registration fee for the accompanying person is reduced because the city of Stockholm has very generously agreed to host the welcome reception at the City Hall.

Congress and hotel registration

The EAPCCT has moved to online registration and we would prefer, therefore, that Congress registration be submitted electronically via the EAPCCT website <http://www.eapcct.org> Instructions will be provided on the web site.

The hotel registration form will be available to download from the EAPCCT web site and should be sent to the Clarion Hotel Sign.

If you do not have access to the Internet please contact the Congress Secretariat (see page 12).

Central European and EU Accession Countries

Membership

Help is available for membership of the EAPCCT and for Congress attendance for applicants from the following countries: Bosnia Herzegovina, Bulgaria, Estonia, FYROM, Hungary, Latvia, Lithuania, Montenegro, Russia, Romania, Serbia and Ukraine. **NB Not more than one award to each country will be made.**

Applicants should be:

- from a single member of a poisons centre or clinical department
- under 40 years of age
- from a country on the inclusive list

Applicants will need to provide a current CV. The membership includes receipt of Clinical Toxicology and all the normal rights of a full member.

Congress attendance

Similar criteria apply to Congress attendance support.

Applicants should again be:

- from a single member of a poisons centre or clinical department
- under 40 years of age
- from a country on the inclusive list

Applicants will need to provide a current CV, and have had an abstract accepted for oral or poster presentation at the meeting. Awards include reduced rate registrations (at the existing student rates) and guaranteed free admission to the pre-congress continuing education day.

Cancellation policy

Cancellation of registration should be notified in writing to the Congress Secretariat. Any refunds will be paid as soon as practicable.

- *Cancellation received up to 13 March 2009* - full refund less handling fee and bank charges will be made.
- *Cancellation received up to 21 March 2009* - 50% refund will be made.
- *Cancellation received after 21 April 2009* - no refunds will be made.

SOCIAL PROGRAMME

Wednesday 13 May 2009 Welcome Reception

The City of Stockholm will host a welcome buffet on the first evening at the remarkable City Hall in the rooms where the annual Nobel Prize banquet is held.

Friday 15 May 2009 Gala Dinner *Euro 60.-*

The Gala dinner at the 2009 Congress will be held at the Vasa Museum. A large, prestigious ship called the Vasa sank in 1626 on its maiden voyage and was brought up from the bottom of the Stockholm harbour in 1961 and converted into a museum. There will be a guided tour.

STOCKHOLM

Stockholm has been the capital of Sweden since the 13th century. Situated where the vast lake of Mälaren meets the Baltic Sea, the location was optimal for trade and it also facilitated defence of the city as enemies approaching by boat from the east often got

lost in the vast archipelago outside Stockholm - comprising around 7000 islands. The city itself is spread out over a number of smaller or larger islands. Water surfaces and bridges are distinctive marks of the city. Although Sweden over the centuries has been involved in many wars, Stockholm was never seriously destroyed, and it was not subject to the devastating effects of modern warfare. The last war involving Sweden was in 1809.

Stockholm is the site of the Swedish parliament and the official residence of the Swedish monarch. The metropolitan area of Stockholm has a population of about 2 million.

HOTEL

The EAPCCT Scientific and Meetings Committee have negotiated a contract with the Clarion Hotel Sign for hosting of the Congress and providing accommodation for our delegates. This ultra modern hotel offers comfortable guest rooms furnished in Scandinavian design. The top floor has a spa and a terrace that offers a panoramic view. There is also an outdoor, year round heated swimming pool overlooking the Stockholm rooftops http://www.clarionsign.se/default_en-US.asp?Lang=en-US&

The hotel registration form will be available to download from the EAPCCT web site and should be sent to the hotel.

Daily rate:

Double	1900 SEK ¹
Single	1750 SEK

Rates are inclusive of breakfast and tax

Check-in 15:00. Check out 12:00.

Every effort has been made by the EAPCCT to ensure these rates are as competitive as possible. Delegates should be aware that should they find apparently better rates using other agencies these may not include taxes or breakfast, and so you are advised to check the conditions before final bookings are made. The EAPCCT will not accept responsibility for difficulties arising from making any bookings, either at the Clarion Hotel Sign or elsewhere, via other means.

GENERAL INFORMATION

¹ (15 Sep 2008)
1000 Swedish kronor ~ 105.01 Euros
1000 Swedish kronor ~ 147.77 U.S. dollars
1000 Swedish kronor ~ 83.57 British pounds

For general information about the Congress view the EAPCCT home page at <http://www.eapcct.org>. The provisional and final programmes will be placed on the web site in due course.

Venue and date

The XXIX Congress of the European Association of Poisons Centres and Clinical Toxicologists will be held at the Clarion Hotel Sign from Tuesday 12 May to Friday 15 May 2009.

Location: Östra Järnväggsgatan 35, Box 310, 101 26 STOCKHOLM

Telephone 00 46 8 676 98 00

Fax: 00 46 8 676 98 99

E-mail: cl.sign@choice.se

Local organising Committee

Peter Hultén

Margareta Palmberg

Hans Persson

Airport

Arlanda airport (ARN) is located about 35.8 kilometres from the city [other airports: Bromma (BMA) 7.0 km; Västerås (VST) 85.3 km; Stockholm Skavsta (NYO/STO) 100 km].

The fastest way from Arlanda airport to the hotel is to take the Arlanda Express, a high-speed train that goes non-stop between the airport and Stockholm in 20 minutes. It runs every 15 minutes. At the airport, you can buy tickets for the train at the information counters or from the ticket dispenser machines located next to the escalators/lifts leading down to each station. The cost is 220 SEK. To buy tickets online go to the website <http://www.arlandaexpress.com> There is a taxi rank outside the Arlanda Express terminal at Stockholm Central Station but the hotel is only 0.3 km away (5 minutes walk).

Flight coaches leave the airport every 20 minutes and take 50 minutes to reach Central Station. The cost is 110 SEK. To buy tickets online go to the website <http://www.flygbussarna.se/Default.aspx?lang=EN>

A taxi to the hotel from Arlanda airport will cost about 495 SEK (the hotel suggests Taxi Stockholm. To pre-book a taxi, call 00 468 15 00 00 or go to the website <http://www.taxistockholm.se/english/>).

Banking services and currency

Sweden uses the Krona. 1 Euro is approximately 9.6 Krona; 1 UK pound is approximately 11.8 Krona; 1 US dollar is about 6.3 Krona. All major credit cards are widely accepted in hotels, shops and restaurants. Cash can also be withdrawn from most ATMs and they often provide instructions in different languages.

Clothing

Stockholm in May should be cool (although it can be quite warm as well, 20-25°C) with an average high of 16°C/60°F and a low of 6°C/43°F. Possibility of rain.

Electricity supply

Electricity is 230V. Plugs are the European type with two round pins. Your 220V appliances may be plugged into a Scandinavian outlet with an adaptor, though their 110V cousins (e.g. from North America) may require a transformer. Some electric devices – shavers and most laptops – work on both 110V and 220V.

Health and water

Stockholm presents no health problems to the sensible traveller. The water is safe to drink.

Insurance

In registering for the XXIX Congress of the EAPCCT, participants agree that neither the Scientific and Meetings Committee nor the EAPCCT assume any liability whatsoever. Participants are requested to make their own arrangements regarding health and travel

insurance. The organisers cannot be held liable for any accidents, theft, damage to property, delays, or any modification in the programme due to unforeseen circumstances.

Internet access

The hotel has wireless internet access (wifi; Telia Homerun) in all rooms and public areas. The cost is 25 SEK for 8 hours or free if you are a "Choice" member. You can become a member at no cost when you arrive at the hotel and register.

There is also a business centre on level 2 which is free of charge to use.

Language

The official language of the conference will be English. Simultaneous translation will not be provided.

Time

Local time will be GMT +1 hours.

Tipping

You do not need to tip in Sweden, as service charges are included in every restaurant by law, and also included in the fare that you are quoted in a taxi.

Tourist information

For further information on Stockholm and Sweden see
<http://www.stockholmtown.com/Default.aspx?epslanguage=EN>

Transportation

The County of Stockholm has an integrated travel system (SL). The area covers a distance of several kilometres outside the actual city centre and includes all services on the Metro, commuter trains, suburban railways such as the Roslagsbanan, Saltsjöbanan, and the Lidingöbanan trains, and hundreds of bus lines.

There are several different types of ticket. There are three zones (A, B and C) and for single tickets you have to know in which zones you intend to travel. There are also travelcards for 1, 3 or 7 days which cover all zones. It is not possible to buy tickets on the buses.

Show your ticket to the bus driver or ticket inspector. If you have a card with a magnetic strip you can use the automatic barriers in the Metro and at the commuter train stations.

Taxis

Taxis are plentiful and it should seldom cost more than 200 SEK to reach a destination in the city.

Taxi Stockholm:	+46 8 15 00 00	www.taxistockholm.se
Taxi 020:	+46 8 850 400	www.taxi020.se
Taxi Kurir:	+46 8 30 00 00	www.taxikurir.se

Visas and immigration

A valid EU or US passport entitles you to a three-month stay in Sweden. Delegates from many other countries also do not require visas but **Congress delegates are advised to check these arrangements with their local Swedish Embassy.**

The EAPCCT Congress Treasurer can provide confirmation by e-mail of payment of Congress registration fees by delegates or acceptance of papers for presentation on request. Formal letters of confirmation of payment will also be included in the delegate packs. Please e-mail sc@eapcct.org. The General Secretary can provide letters of invitation for those who have abstracts accepted and require a visa but allow plenty of time as response from embassies is often very slow.

DATES TO REMEMBER

Opening of abstract submission tool	20 October 2008
Deadline for receipt of invited abstracts	19 November 2008
Deadline for receipt of abstracts	19 November 2008
Electronic abstract reviewing	24 November – 8 December 2008
Rejection or acceptance of abstract notification	30 January 2009
Deadline for abstract presenters to register	6 March 2009
Deadline for early Congress registration	6 March 2009
Deadline for reserving accommodation at special Congress rates	13 March 2009
EAPCCT XXIX Congress	12 - 15 May 2009

EAPCCT WEB SITE www.eapcct.org

The EAPCCT web site will contain up-to-date information on all aspects of the Congress, including registration forms. The provisional and final programmes will be available in due course.
